

Remarkable Reptiles

Presented by:
Tampa's Lowry Park Zoo
Outreach Department

Program Overview

At least five different reptiles will be presented.

Two or more of the following reptile groups will be represented:
tortoise, turtle, snake, lizard, skink, and alligator.

The Animal Ambassador may discuss adaptations pertaining to reptiles and the key adaptations for identification amongst the reptile groups.

The Animal Ambassador may discuss the pet trade, pet care, and population status.

The Animal Ambassador may discuss invasive species in Florida and the U.S.

Sunshine Standards Related to Program:

The Outreach Department strives to provide programs that are in line with the Sunshine Standards, but please keep in mind that it is possible that the listed standards may not be related to the program presented to you. It is also possible that there are standards that are not listed that may indeed be related to your program. This is merely a light overview of possible standards relationships that could be covered in the presentation by the Outreach Department. It would be impossible for us to guarantee that the exact same program will be repeated each time it is given and that the exact same standard alignment will exist, therefore, you may wish to change the emphasis.

PreK-2:

SC.A.1.1

SC.D.1.1, 2.1

SC.F.1.1, 2.1

SC.G.1.1, 2.1

LA.2.5.2.1, 2.2, 2.3

LA.1.5.2.1, 2.6

LA.K.5.2.1, 2.3, 2.6

3-5:

SC.F.1.2, 2.2
